

Quizzing Circuit The Americas

Quest Grand Prix – October 13, 2018 - Questions by Leslie Elman

Grand Prix Circuit Rules (Individual quiz): A quiz has six written rounds, each a different 'genre' of 30 questions (plus 10 tie-breakers in each). Players aggregate their five best genres to find their overall contest score. The 'Genres' are:

- Art, Culture & History (history, philosophy, mythology, religion, fine art etc.)
- Civilisation (human geography, cultures, technology, current affairs etc.)
- Entertainment (all musical genres, literature, TV, radio, films, stage, dance, etc.)
- Lifestyle (health & fitness, celebrities, food & drink, fashion, handicrafts etc.)
- Physical World (physical geography, science, nature, flora & fauna etc.)
- Sport & Games (includes hobbies & pastimes, but mainly Sport in all its guises)

You have 90 minutes to answer as many questions as possible. Answers are read out at the end, sheets are swapped for marking. Each 'genre' forms a separate contest. Tied scores are separated by reference to the tiebreakers, which are worth just 0.1 point each. Questions 28 to 30 in each genre are linked to images - these appear on the last sheet.

Please note that we have changed some of the genre categories since this paper was played.

N.B. If asked for a person's name, unless told otherwise, a surname is enough. Don't risk giving the wrong forename!
